MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in [REDACTED] (GUSTO).

1. This memorandum contains a recommendation submitted for approval of the Special Assistant to the Director for Planning and Development. Such recommendation is set forth in paragraph 6.

2. [REDACTED] is being issued to [REDACTED] for the procurement of engineering and consultant services in connection with the design and application of special materials to airframe construction. These services will be rendered on an "as needed basis" at the written direction of the Contracting Officer. The need for such services will be established jointly by the airframe contractor (Lockheed) and the Project Technical Officer.

3. [REDACTED] obligates an amount of \$25,000.00 chargeable to Fiscal Year 1959, Project GUSTO funds. By concurrence to this memorandum the Comptroller signifies that sufficient funds are available for this additional obligation.

5. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.
